

Save Public Access To Thornton Beach

Join the growing group of residents, business owners, dog owners, horse lovers and outdoor enthusiasts banding together to save public access to Thornton State Beach in Daly City, CA.

**SIGN OUR
PETITION!**

This 8-foot-high fence precludes safe access to the only public trail to the beach and negatively impacts outdoor use by dog walkers, hikers, bikers, horseback riders, fishermen, parasailers and gliders, surfers, teachers, families and more.

Daly City Fire and local Daly City police services are also restricted from vehicular access to the beach to handle emergencies due to this fence. They can often not access the Olympic Club fence gate to the North because it is consistently blocked by parked vehicles.

Help us preserve access to open space in Daly City.
